

## YOU'RE LOOKING TO...

Elevate your home with a sophisticated, well-curated design that supports your lifestyle and feels intentional. You have a clear sense of style but need an expert to execute it by incorporating custom details, unique pieces, and function.

# AVERY JOHNSON INTERIOR DESIGN

## INTERIOR DESIGN FOR YOU

We create designs that reflect your personality, seamlessly translating your desires into a cohesive, luxurious environment. By balancing creativity with strategic planning, Avery curates interiors that feel personal and refined, blending custom elements and rich textures with thoughtful functionality. The result is a home that is both visually stunning and effortlessly livable.

## YOU GET

A streamlined design process that saves you time and eliminates guesswork. We manage every detail, from space planning to final styling, delivering a polished, cohesive result. Our attentive oversight and personalized approach assists us in transforming your home into a space that feels distinctly yours.

## OUR MISSION

Our mission is to provide busy professionals with a seamless design experience. Using technical expertise and a deep understanding of fashion as a form of expression, we craft interiors that are both functional and artful, reflecting the individuality and sophistication of each client.

# THE PROCESS

## **Complimentary Discovery Consultation**

Via a Zoom consultation, we gather key details about your project such as goals, timeline, and desired investment.

## **In-Home Style & Design Assessment**

We evaluate your space and discuss design possibilities to prioritize and pinpoint the scope.

## **Vision & Concept**

Using acquired information, we translate your vision into a functional, cohesive, and stylish design by applying design principles, sketching, space planning, and sourcing.

## **Design Presentation**

We present your design aided by photorealistic drawings, material and finish samples for your feedback and approval.

## **Procurement**

We initiate the ordering of approved furnishings and finishes and begin construction on architectural enhancements and custom pieces.

## **Implementation**

Through careful coordination with contractors, vendors, and artisans design details are realized. Furnishings are delivered and arranged.

## **Completion**

Finishing touches like art, decor and showcase lighting are installed. Your full design has come to fruition for you to enjoy!
